

SentinelDNA™ is the offender management platform that enables corrections agencies to monitor all of their program activities from any device. Users create customized dashboards for activity tracking, robust case management, inventory management, and advanced analytics.

Supervising officers can manage every aspect of a participant's case through a single screen. GPS tracking, electronic monitoring, remote alcohol testing, community based programs, and full service offender management are all accessible at the click of a button to handle even the largest caseloads.

Advanced Data Analytics allow you to take offender management to the next level. Make better, more well informed decisions with SentinelDNA.
