

The Original SecureCuff™ For High Risk Offenders.

Track Group's patented SecureCuff™ is the only security cuff in the industry specifically made for highrisk offenders. It has encased, hardened steel bands designed to be highly cut resistant and provide officers an additional 10-15 minutes to be on-site before an offender can abscond.

The SecureCuff™ includes a fiber-optic technology strap for tampering notification and specialized security screws to secure the strap to the device.

The SecureCuff™ solution helps address the critical "strap cut" issue so prevalent in juveniles and high-risk adult offenders. It serves to significantly reduce the number of officer response hours attempting to locate offenders who have absconded and is not offered by any other offender monitoring company.
